

SUGAR DAISY'S HOT CLUB – on board

A choice swing music at its best!

Their theme „...ohh-shoo-be-doo-bee“ fiddles and swings away all „clouds“.
An exhilarant mélange of groove, joy of playing and virtuosity.

Always looking on the bright sight of life, these unique musicians bring the swing of the „Golden Nineteen Twenties“ back to the audience.

Time of the swing dance „Lindy Hop“ that followed the „Charlston“ was initially danced at the end of the Twenties in all ballrooms in New York, experiencing renaissance nowadays.

A journey through times but coloured and live, not monochrome.
Enjoy the amusing show with singing and dancing along!
